BEFORE THE NORTH CAROLINA BOARD OF PHARMACY

In the Matter of:

CVS Pharmacy (Permit No. 8524))	CONSENT ORDER
)	

This matter came on for consideration at a prehearing conference (hereinafter "conference") pursuant to 21 N.C.A.C. 46 .2008 on May 31, 2006. Board member Wallace Nelson presided. Also present at the conference were the following: Holly Price, Investigator; Steve Hudson, Director of Investigations and Inspections; Anna Baird Choi, Board Counsel; Donna Adams, RPh.; Tsedal Kidane, RPh.; Karen Peacock, Registered Technician; Mike Cauthen, RPh., Pharmacy Supervsior for CVS Pharmacy, permit no. 8524 ("Respondent Pharmacy"); and George Hearn, counsel for Respondent Pharmacy. Based upon the record in this proceeding and the statements and materials presented at the conference, the Board makes the following:

FINDINGS OF FACT

- Respondent Pharmacy is a pharmacy permitted by the Board and is the holder of permit number 8524. At all relevant times, Respondent Pharmacy operated as a CVS Pharmacy located at 16035 Johnson Road, Charlotte, North Carolina.
- On December 7, 2005, the Board received a complaint from a patient's husband who
 alleged that his wife (the patient) had received the wrong medication from Respondent
 Pharmacy.
- 3. The investigation produced evidence to show that on or about December 5, 2005, the patient's spouse took a new prescription for Xanax, written for his wife, to Respondent

Pharmacy. When pharmacy staff rang up the medication and told the patient's spouse that the price of the medication was \$95.00, he questioned the cost since his wife had taken Xanax previously and the cost was usually \$15.00 or \$20.00. Pharmacy staff informed him that the medication dispensed to his wife was Flomax. The Patient's spouse informed pharmacy staff that his wife had not been prescribed Flomax.

- 4. Upon review by pharmacy staff of the medication dispensed, the patient's spouse was told that the error occurred because the prescription was read and entered into the computer as "Flomax" instead of "Xanax."
- 5. Pharmacy staff corrected the error prior to the patient's spouse leaving the store.
- 6. Registered Technician Danielle Holland were involved with the misfilling of the prescription.
- 7. On February 14, 2006 and during the course of her investigation, Investigator Price interviewed Technician Holland who was employed full-time at a CVS Pharmacy located at 13845 Conlan Circle, Charlotte, North Carolina (permit no. 8837). Subsequent to this interview, Investigator Price confirmed that Technician Holland was not registered with the Board though she had been employed with CVS since September of 2005.

Based on the above findings, the Board concludes as a matter of law:
