REFUNDS:

There will be NO REFUNDS after May 24, 2012. Prior to that date, a full refund will be issued once the participant returns the undamaged/unused course book. If the book is not returned or is returned damaged, the participant will be charged a fee of \$135.

Cancellation: Please note that this program is subject to postponement or cancellation if the required minimum number of registrants is not met at least seven days prior to the program. In the event of postponement or cancellation, each participant will be notified by phone and full refund will be made.

OUR PROMISE TO YOU:

Southern Regional AHEC strives to offer the highest quality educational programming. If, for any reason, this program does not meet your needs, please let us know. We value your feedback and will resolve the issue to your satisfaction.

AMERICANS WITH DISABILITIES ACT:

No individual with a disability is excluded, segregated or otherwise treated differently from any other individual. If you need any of the auxiliary aids or services identified in the Americans With Disabilities Act of 1990 in order to attend any of these programs, please call (910) 678-7226.

The American Pharmacists Association is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

APhA's Pharmacy-Based Immunization Delivery

A Certificate Program for Pharmacists

June 7, 2012

Registration 7:30 a.m.
Program 8:00 a.m. - 6:00 p.m.

Southern Regional AHEC
Gerald A. Strand Auditorium
1601 Owen Drive
Fayetteville, NC 28304

Pharmacy-Based Immunization Delivery is an innovative and interactive practice-based educational program that provides pharmacists with the skills necessary to become primary sources for vaccine advocacy, education, and administration. The program reviews the basics of immunology, identifies legal and regulatory issues pharmacists must consider before starting an immunization program, and focuses on practice implementation.

The purpose of this educational program is to:

- Provide comprehensive immunization education and training.
- Provide pharmacists with the knowledge, skills, and resources necessary to establish and promote a successful immunization service.
- Teach pharmacists to identify at-risk patient populations needing immunizations.
- Teach pharmacists to administer immunizations in compliance with legal and regulatory standards.

Pharmacy-Based Immunization Delivery is conducted in two parts: the self-study and the live training. A Certificate of Achievement will be awarded to participants who successfully complete all program components, including an evaluation form. Statements of Credit and Certificates will be issued within 4-6 weeks of APhA's receipt of program materials.

KEY LEARNING OBJECTIVES FOR THE LIVE

TRAINING SEMINAR ARE:

- Identify opportunities for pharmacists to become involved in immunization delivery.
- Describe how vaccines evoke an immune response and provide immunity.
- Identify the vaccines available on the U.S. market for each vaccine-preventable disease and classify each vaccine as live attenuated or inactivated.
- Evaluate a patient's medical and immunization history and determine if the patient falls into the target groups for each vaccine based on the Advisory Committee for Immunization Practices (ACIP) recommendations.
- Review a patient case and determine patient-specific vaccine recommendations based on the appropriate immunization schedule.
- Discuss the legal, regulatory, and liability issues involved with pharmacy-based immunization programs.
- Describe the signs and symptoms of adverse reactions that can occur after vaccination
- Describe the emergency procedures for management of patients with adverse reactions to vaccination.
- List the steps for appropriate intranasal administration technique for the live attenuated influenza vaccine.
- Demonstrate appropriate intramuscular and subcutaneous injection technique for adult immunization.

For a complete list of learning objectives, please go to APhA's website:

FACULTY:

Macary Weck Marciniak, PharmD, BCPS, FAPhA
Clinical Associate Professor
Assistant Director
Community Pharmacy Residency Program
UNC Eshelman School of Pharmacy
UNC-Chapel Hill

Dennis M. Williams, PharmD

Associate Professor and Vice Chair
Professional Education
Division of Pharmacotherapy and Experimental Therapeutics
UNC Eshelman School of Pharmacy
UNC-Chapel Hill

CREDIT:

Successful completion of the live seminar component involves passing the final exam with a grade of 70% or higher and demonstrating competency in two intramuscular and one subcutaneous injection. Successful completion of this component will result in 8.0 contact hours of continuing pharmacy education credit (0.80 CEUs).

ACPE UAN: 202-999-11-135-L01-P

Successful completion of the self-study component involves passing the self-study assessment questions with a grade of 70% or higher and will result in 12.0 contact hours of continuing pharmacy education credits (1.2 CEUs).

ACPE UAN: 202-999-11-136-H01-P

FEE:

\$350

AGENDA:

7:30 – 8:00 a.m.

Registration/Check-in
Continental Breakfast

8:00 – 8:15 a.m.

- Welcome/Introductions
- Acknowledgements
- Program Overview

8:15 – 9:45 a.m.

- The Importance of Vaccines and The Pharmacist's Role in Vaccine Delivery
- How Do Vaccines Prevent Disease?
- Vaccine-Preventable Diseases (Part I)

9:45 – 10:00 a.m.

Break

10:00 a.m. – 12:15 p.m.

- Vaccine-Preventable Diseases (Part II)
- Identifying Vaccination Needs

12:15 – 1:00 p.m.

Lunch (provided)

1:00 – 2:30 p.m.

- Establishing a Pharmacy-Based Immunization Program
- Practice Implementation

2:30 – 2:45 p.m.

Break

2:45 – 6:00 p.m.

- Adverse Events Following Vaccination and Emergency Preparedness
- Vaccine Administration Technique
- Transitional/Summary Remarks
- Skills Training and Assessment

6:00 p.m.

Adjourn
