

3. The investigation produced evidence to show that on or about November 24, 2005, RPh. Duzan dispensed Lasix 10mg/10ml on a prescription order for Lasix 2mg/1ml for an infant patient.
4. During the course of her investigation and upon review of records maintained at Respondent pharmacy, the Board Investigator was unable to document that the patient's parent had been offered counseling at the time the medication was picked up. However at the hearing, counsel for Respondent provided the Board with documentation which appeared to show that the patient's parent had accepted counseling.
5. During the course of her investigation, the Board Investigator documented that two pharmacy employees who were not registered as a technician by the Board were performing pharmacy technician duties at Respondent pharmacy.
6. On December 20, 2005 and during the course of her investigation, the Board Investigator requested information from Dennis Marcel, the Executive Assistant Store Manager, in order to determine the volume of prescriptions filled by Respondent on a monthly basis. Mr. Marcel was unable to locate this information at the time of the request. However, this information was received by the Board on January 8, 2006.
7. On December 20, 2005 and during the course of her investigation, the Board Investigator requested information from Mr. Marcel regarding the pharmacy staff schedules. The Investigator repeated her request to Mr. Marcel on March 15, 2006, at which time Mr. Marcel informed the Investigator that Greg McCetrick, the Pharmacy Supervisor, had told Mr. Marcel previously that he would handle the request. Mr. Marcel suggested to the Investigator that she contact Mr. McCetrick for the records. As of the date of the conference, the Investigator had not received these records.

8. At the hearing, representatives of Respondent informed the Board member that Respondent was committed to future compliance with the Board's requests.

Based on the above findings, the Board concludes as a matter of law:
