STATE OF NORTH CAROLINA
NORTH CAROLINA BOARD OF PHARMACY

IN THE MATTER OF  )  CONSENT ORDER
JOHN EWALD MACDONALD  )  REINSTATING LICENSE
(Pharmacist License #08126)  )  WITH CONDITIONS

THIS MATTER came to be considered at a prehearing conference (hereinafter, “Conference”) before a member of the North Carolina Board of Pharmacy (hereinafter, the “Board”) pursuant to 21 N.C.A.C. 46.2008. The Conference was scheduled for January 16, 2017 and, after appropriate notice, was heard on that day by Board member William A. Mixon at the offices of the Board. Petitioner John Ewald MacDonald (hereinafter, “Petitioner”) was present at the Conference. The Board’s Executive Director, Jay Campbell, represented the Board.

Petitioner has agreed to waive a formal hearing in the above-referenced matter. Both parties stipulate and agree to the findings of fact and conclusions of law recited herein and to the order of discipline imposed. By his consent, Petitioner also stipulates that he waives his right to appeal this Consent Order or challenge in any way the sufficiency of the findings of this Order as a basis for the action taken. Based upon the consent of the parties, the Board hereby enters the following:

FINDINGS OF FACT

1. Petitioner formerly held North Carolina license to practice pharmacy number 08126.

2. On October 21, 2015, Board staff received a drug disaster and loss report indicating that Petitioner was terminated from his then-place of practice for suspected diversion of controlled substances (including hydrocodone, a Schedule
I controlled substance) for personal use, as well as Petitioner having tested positive for a controlled substance not prescribed for him in a urine screen.

3. In November 2015, Petitioner admitted to the diversion to Board investigative staff, which he accomplished primarily by creating fraudulent prescriptions. Petitioner admitted that he had diverted controlled substances for personal use over a period of several years.

4. Immediately afterward, Petitioner ceased practicing pharmacy, contacted the North Carolina Pharmacist Recovery Network (“NCPRN”), and accepted NCPRN’s recommendation to receive inpatient treatment for substance use disorder.

5. After Petitioner’s discharge from inpatient treatment, he surrendered his license to practice pharmacy on January 26, 2016.

7. NCPHP reports that Petitioner has complied with all aspects of his monitoring contract, including random screening, counseling, and group meetings.

8. NCPHP advocates for Petitioner’s return to the practice of pharmacy, with appropriate conditions.

9. Petitioner was charged criminally as a result of his diversion. Petitioner entered into a deferred prosecution agreement and, after compliance with the terms of that deferred prosecution agreement, all charges against him were dismissed in July 2016.
CONCLUSIONS OF LAW

The Board, in its discretion, concludes that Petitioner can safely resume the practice of pharmacy under the conditions stated below.

IT IS THEREFORE ORDERED that Petitioner’s license to practice pharmacy is REINSTATED, SUBJECT TO THE FOLLOWING CONDITIONS:

1. Petitioner shall complete an Application to Reinstate a Lapsed or Inactive License and pay the appropriate fee.

2. As part of the Application to Reinstate a Lapsed or Inactive License, Petitioner shall provide proof that he has obtained thirty (30) hours of continuing education, sixteen (16) of which must be live or contact hours. These hours represent the continuing education obligation Petitioner would have been required to meet to renew his pharmacy license for 2016 and 2017.

3. Petitioner shall successfully his NCPHP treatment and monitoring agreement.

4. For the duration of his NCPHP treatment and monitoring agreement, Petitioner shall obtain prior approval of all employment as a pharmacist from NCPHP.

5. For the duration of his NCPHP treatment and monitoring agreement, Petitioner may not be employed as a pharmacist more a number of hours per week approved by NCHPH as clinically consistent with Petitioner’s recovery.
6. For the duration of his NCPHP treatment and monitoring agreement, Petitioner may not serve as a pharmacist-manager unless NCPHP finds such service clinically consistent with Petitioner’s recovery and notifies the Board’s Executive Director of that finding.

7. Petitioner shall be subject to unannounced drug screens to be performed at his expense by the Board or its agents, and shall supply urine, blood, hair, nail or any other bodily fluid or tissue sample required for the screening. Results of the screening shall not disclose the presence of any controlled substance, prescription drug, or alcohol that was not previous prescribed for Petitioner by a practitioner acting in the normal course of medical treatment of Petitioner.

8. Petitioner shall authorize NCPHP and any treating physician or other health care provider to release Petitioner’s medical records to the Board.

9. Petitioner shall violate no laws governing the practice of pharmacy or the distribution of drugs.

10. Petitioner shall violate no rules or regulations of the Board.

14. If Petitioner fails to comply with any term or condition of this Order, Petitioner may be subject to additional disciplinary action by the Board.
This is the 17th day of January, 2017
