STATE OF NORTH CAROLINA
NORTH CAROLINA BOARD OF PHARMACY

IN THE MATTER OF

ROHITKUMAR S. PATEL
License No. 9077

) ) CONSENT ORDER

This matter came on for consideration at a prehearing conference (hereinafter "conference") pursuant to 21 N.C.A.C. 46.2008. This conference was scheduled for February 19, 2007, and after appropriate notice, was heard on that day at the office of the North Carolina Board of Pharmacy by Board member Parker Chesson. Mr. Patel was present and was represented at the conference by Barry S. Cobb. Board counsel Clinton R. Pinyan and members of the Board's investigation staff were present at the conference. Based upon the record in this proceeding and the statements and materials presented at the conference, the Board makes the following findings of fact and conclusions of law:

FINDINGS OF FACT

1. Respondent Rohitkumar S. Patel is licensed by the Board to practice pharmacy and is the holder of license number 9077. At all relevant times, Respondent Patel was employed by Nirmilas, LLC d/b/a Felicity Pharmacy, 8328 Pineville-Matthews Road, Suite 301-A, Charlotte, North Carolina, 28226, and served as its pharmacist-manager. Respondent Patel is no longer employed at this pharmacy, which is no longer the holder of a permit from the Board.

2. In January of 2005, Respondent Patel contacted Dr. David Work at the Board of Pharmacy by telephone to inquire about the legality of sending out prescriptions via mail. Mr. Patel was told that a licensee could fill prescriptions via mail, if done pursuant to the provisions of North Carolina law and Pharmacy Board rules. Respondent Patel did not disclose that he intended to fill prescriptions transmitted via internet nor did he specifically disclose his
contemplated means of delivery of prescriptions. Dr. Work expressed no opinion during this conversation about the legality of internet prescribing or the specific plans for shipment of prescriptions ultimately utilized by Respondent Patel.

3. Between January 2005 and April 2005, Respondent Patel dispensed prescriptions that were sent to him via the internet by Joaquin (Jack) Tomas of the Innovative Pharmacy Group, Inc. Mr. Tomas was a physician who, during all relevant times, had had his license to practice medicine indefinitely suspended by the Florida Board of Medicine. Mr. Patel was not aware of Mr. Tomas' loss of his medical license, and filled no prescriptions written by Mr. Tomas. During this period, Respondent Patel dispensed approximately 100-120 prescriptions per day that were sent to him via the internet.

4. On July 21, 2006, Board investigator Jason Smith interviewed Respondent Patel. Respondent Patel admitted that, between January 2005 and April 2005, he had dispensed approximately 100-120 prescriptions per day that were sent to him via the internet by Innovative Pharmacy Group, Inc.

5. Between April 2006 and June 2006, Respondent Patel dispensed prescriptions that were sent to him via facsimile from either Dr. Tom Hopkins, MD, of Great Neck, New York, or Dr. Katherine M. Brooks, MD, of Kokomo, Indiana. These prescriptions were arranged by NC Group, Inc. Respondent Patel filled these prescriptions, and shipped drugs, to patients residing in California, Colorado, Connecticut, Florida, Georgia, Kansas, Massachusetts, Michigan, Mississippi, New Jersey, Oregon, Rhode Island, Texas, Utah, Virginia and Washington. Records for seven days during that time period (April 5, 2006, April 10, 2006, May 30, 2006, June 1, 2006, and June 21, 22 and 23, 2006) demonstrate that, on those days, Dr. Patel dispensed 7440
units of controlled substances, principally hydrocodone/acetaminophen, pursuant to prescriptions from Dr. Hopkins and Dr. Brooks to patients in more than 10 states.

6. Respondent Patel did not offer to counsel any of the patients to whom he dispensed the prescriptions set forth above.

7. Respondent Patel dispensed prescription drugs, including Schedule III controlled substances, when he knew or should have known that the prescriptions were not issued pursuant to a physical exam and with a valid, pre-existing prescriber-patient relationship.

8. On September 11, 2006, Board investigator Jason Smith interviewed Respondent Patel. Respondent Patel admitted that he had dispensed prescriptions as set forth in paragraphs 4 through 7 above. He stated that he subjectively believed that dispensing prescriptions via the internet was legal prior to a memorandum from Dr. David Work in January of 2006 regarding the Board’s position on this practice. After that time, he understood that dispensing prescriptions via internet was illegal, but he subjectively believed that these prescriptions satisfied the requirements of the pharmacy laws and regulations because (a) they were delivered by facsimile rather than by internet, and (b) he understood that the prescribing physicians had taken a medical history from the patients and believed that the review of medical records by a doctor and a telephone conversation between the doctor and patient constituted a valid doctor-patient relationship.

9. Mr. Patel cooperated at all times with requests of Board investigator Jason Smith, and voluntarily answered all questions posed of him by Mr. Smith. On July 25, 2006, Mr. Patel voluntarily surrendered the Felicity Pharmacy permit for cause as a result of the matters set forth in this Consent Order. This cooperation has factored into the terms of this consent order.
