TO THE PHARMACIST-MANAGER

Dear Pharmacist:

The Board has reissued your current pharmacy permit. This permit is issued to you as pharmacist-manager pursuant to the representations in the Certificate of Successor as pharmacist-manager, which carries with it the same responsibilities as the representations made in the application for renewal (or original issuance) of the permit. Once you have printed the updated certificate you must countersign the permit. This permit is not valid until countersigned by you in the space provided on the face of the permit. After signing, the permit must be posted in the pharmacy to which it applies as required by the Board's Rules and Regulations.

Board Regulation .2502 (c) requires an inventory of controlled substances within ten days of a change of pharmacist-manager.

If you have any questions as to your responsibilities in this matter, write the North Carolina Board of Pharmacy, 6015 Farrington Road, Suite 201, Chapel Hill, North Carolina, 27517.

Very truly yours,

Jay Campbell
Executive Director
